Replacement Parts Available

Insist on Husky Disappearing Stairway

American Stairways, Inc.

3807 Lamar Ave. • Memphis, TN 38118 901-795-9200 • FAX 901-795-1253 www.americanstairways.com

THE SUCCESS OF OUR COMPANY STANDS ON THE QUALITY OF EVERY STAIRWAY WE MAKE.

- **★** Pre-drilled Installation Holes
- ★ Easy First Step Down From
 Attic for Personal Safety
- ★ 9½" Tread Rise on All Husky Stairs
- ★ More Treads for Easier Access

Every HUSKY Features:

Full Width Heavy Duty Piano Hinge

That means far more strength and rigidity than any other type of stairway hinge now in use. Cuts out air leakage at head of stair, and does not interfere with trim carpenter.

3/16" Steel Ladder Rod Under Each Tread

Including large washers that keep HUSKY stairs rigid and prevent bending or separation under heavier loads.

Selected Kiln Dried Southern Pine Lumber

All wood parts selected for density and load bearing capacity.

Moulded Stringers, Handrail, and Treads

Eased edges practically eliminate splinters and enhance Finished Millwork Appearance.

Re-inforced Door Panel

Safety Locknut to Secure Spring Arm to Ladder Section

Adjustable Spring Tension

Nuts, Bolts, and Hardware Plated or Painted to Prevent Rust

Completely Assembled, Ready to Install with Instructions Supplied

Optional Features

R-6 Insulation Panel

Fire Resistant Door & Well Sides

Class A - Flame spread not over 25" in 30 minutes by UL

Double Section Hinges (Model 655 only)

Weather Stripping

There's A Husky That's Right For You. Three Great Models To Choose From!

MODEL 444: 1x4 Treads, 1x4 Stringer, 1x4 Frame Rated 250 lbs. MODEL 544: 1x5 Treads, 1x4 Stringer, 1x4 Frame Rated 250 lbs.

MODEL 655: 1x6 Treads, 1x5 Stringer, 1x5 Frame Rated 300 lbs.

Designed for residential use only.

- 1 Most of the competition has 1 or 2 treads less.
- 2 It is recommended adding 18" to the landing space dimensions for safe ascent or descent of the stairway.
- 3 Model 655 only, Double section hinges increases the capacity from 300# to 350#.

JOB TESTED IN OVER A MILLION INSTALLATIONS THROUGHOUT THE NATION AND SEVERAL FOREIGN COUNTRIES.

The perfect way to elevate any room in your home.

Forever Barnwood Box Beams are available in 4", 6", and 8" widths and in lengths far greater than our solid beams. Our beams are available as 3-sided u-beams and 4-sided box beams. Our unique miter lock joint makes it almost impossible to notice where the boards come together. Our unique miter lock also makes it possible for us to offer the beams with or without cow rub. Forever Barnwood Box Beams are light weight. This makes the beams much easier to work with than our authentic solid beams.

Like our Box Beams, Forever Barnwood timbers and posts are individually handcrafted. They are available in a variety of dimensions and lengths up to 16'. Timbers and posts are kiln dried for product stability. The drying also creates great checking and cracking which adds to the authenticity of these

rustic pieces.

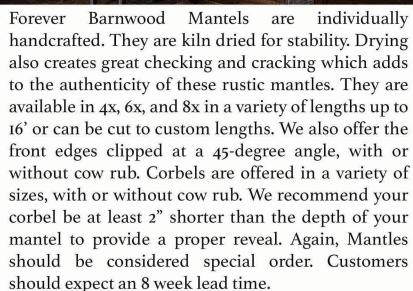

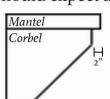

Timber Mantles

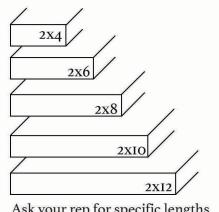

Barnwood wall coverings, countertops and more...

I" Dimensinal Lumber

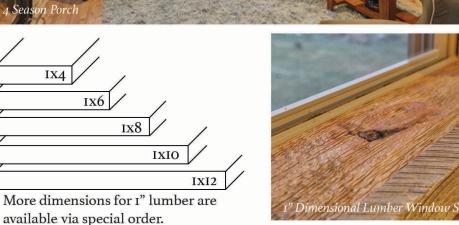

Forever Barnwood I" and 2" product is perhaps our most versatile. Our I" product can be used as wall covering, trim/casing, banding, wall caps, skirt board, treads and risers. It can be fashioned into furniture, benches, countertop, wine racks and about any other rustic looking application you can think of. It is available in a variety of dimensions not readily available in reclaimed barn wood. The 2" product makes great rustic countertops, bar rails, shelves, banding, and furniture. 2" product is available with or without cow rub.

Ask your rep for specific lengths and dimensions for 2" lumber.

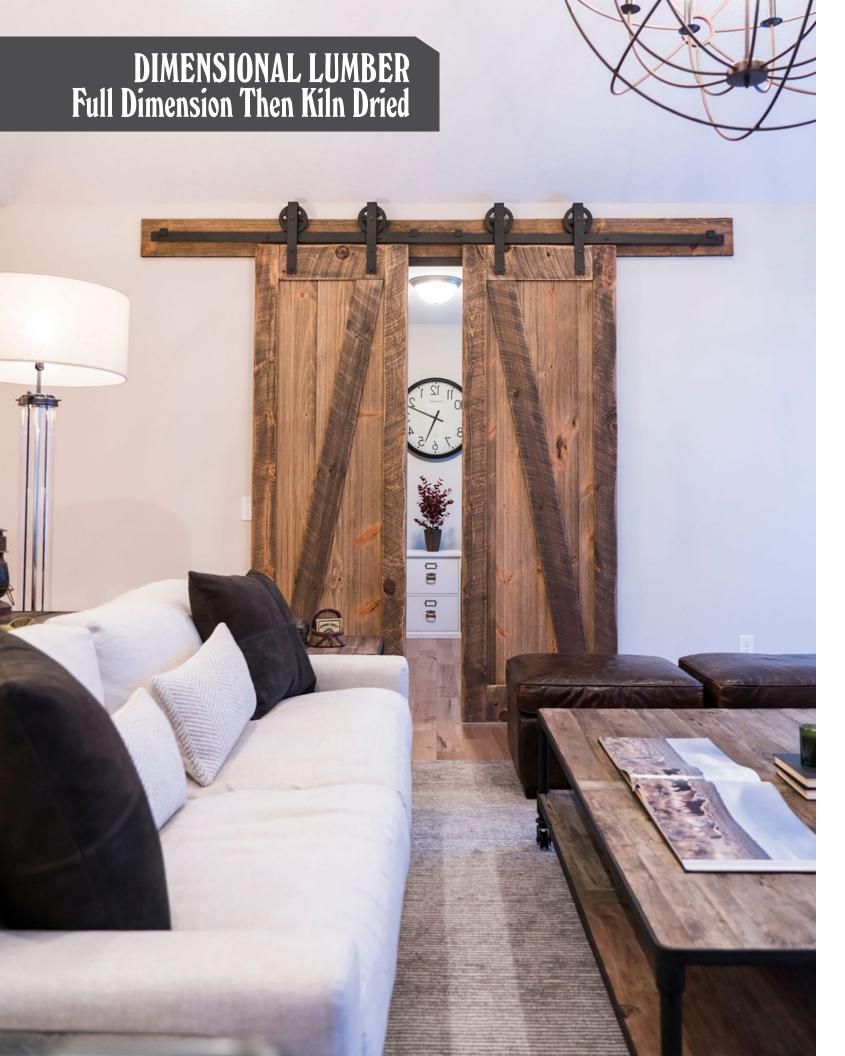

Visit our website for more pictures and ideas.

Features

- o Moisture Resistant
 - > Does not support mold or mildew
 - > Will not rust or corrode
- o Highly Impact Resistant
 - > Extremely high strength to weight ratio
 - ➤ Tough surface that resists shattering, scratches, and abrasion
- o Outstanding Cleanability
 - Cleans easily with regular detergents and water

Typical Applications

- o Food Processing Areas
- o Kitchens o Government Buildings
- o Restaurants
- o Restrooms o Storage Areas
- o Hospitals o Walk-in Coolers and Freezers

o Schools

GOLDBERG BROTHERS LEEV™ SECURE

PANELS FOR NEW HOME BUILDS

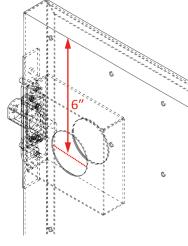

THE FUTURE OF SECURE HOME PACKAGE DELIVERY IS NOW

Enhance your new home designs with this innovative fixture that buyers will demand. A LEEV™ Secure locking portal door protects packages from theft and weather damage. It allows couriers to drop packages directly inside a house or garage when nobody is home to accept delivery, without giving them access to the garage door or a side entrance.

Standard Features

- 16" unit fits between two studs 16" on-center
- Available in 3 heights: 19", 25", and 31"
- Prepped to fit most digital deadbolts with a 2¾" backset and a 2½" hole (5" centerline of bolt to top of inside lock trim)
- 20 gauge steel frame and 18 gauge steel door panel
- Durable powder coated finish available in four colors
- Insulated door panel
- Nailing fin on all 4 sides for easy installation under exterior siding
- Weatherstripping on 3 sides
- Stops allow the door to stay open while placing a package inside
- Magnetic hold for deadbolt relocking
- Rust-resistant stainless steel pull handle
- Continuous, stainless steel hinge for strength
- Custom colors and sizes available upon request

AVAILABLE IN GRAY PRIMER POWDER COAT Gray Primer

Optional features

- Powder coating on interior metal trim
- LEEV[™] Secure receiving box to mount inside
- Standard street address plate or custom name plate
- Wide-wall or brick extension

Add a smart home locking mechanism of your choice. LEEV™ Secure panels are compatible with most self-locking digital deadbolt systems. Many will notify the homeowner with a text or email whenever a package is delivered.

Complete the installation by adding your own interior trim and a secure room or receiving box.

LEEVN1620-*	LEEV [™] SECURE NEW-BUILD PANEL 14"×19" (14½" × 20" rough opening)	\$518.26
